My School Day

Your final project is a movie about your daily school life. You will discuss your class schedule and your opinion of each of your classes and teachers!

Please write a rough draft of the sentences that you are using for your project. Include the time and name of the class, your teacher's name, an adjective describing your teacher, and whether you like or dislike the class.

Remember, you need to write five sets of four sentences. Follow the example:

J'ai maths à 8h00. Mon professeur s'appelle M./Mme/Mlle Martin. Il/Elle est intéressant(e). J'aime les maths.

The final project is worth 80 points. Your opinion of a class will not impact your grade.
